NEW CONTRACTS (left side of Form):

PROCUREMENT OR EXCEPTION TYPE: Check the appropriate type of procurement or exception for this Contract. Only one option can be selected. See State Finance Law and General Requirements, Acquisition Policy and Fixed Assets, the Commodities and Services Policy and the Procurement Information Center (Department Contract Guidance) for details.

Statewide Contract (OSD or an OSD-designated Department). Check this option for a Statewide Contract under OSD, or by an OSD-designated Department.

Collective Purchase approved by OSD. Check this option for Contracts approved by OSD for collective purchases through federal, state, local government or other entities.

Department Contract Procurement. Check this option for a Department procurement including state grants and federal sub-grants under 815 CMR 2.00 and State Grants and Federal Subgrants Policy, Departmental Master Agreements (MA). If multi-Department user Contract, identify multi-Department use is allowable in Brief Description.

Emergency Contract. Check this option when the Department has determined that an unforeseen crisis or incident has arisen which requires or mandates immediate purchases to avoid substantial harm to the functioning of government or the provision of necessary or mandated services or whenever the health, welfare or safety of clients or other persons or serious damage to property is threatened.

Contract Employee. Check this option when the Department requires the performance of an Individual Contractor, and when the planned Contract performance with an Individual has been classified using the Employment Status Form (prior to the Contractor's selection) as work of a Contract Employee and not that of an Independent Contractor.

Legislative/Legal or Other. Check this option when legislation, an existing legal obligation, prohibition or other circumstance exempts or prohibits a Contract from being competitively procured, or identify any other procurement exception not already listed. Legislative "earmarks" exempt the Contract solely from procurement requirements, and all other Contract and state finance laws and policies apply. Supporting documentation must be attached to explain and justify the exemption.

CONTRACT AMENDMENT (Right Side of Form)

Complete this section for any Contract being renewed, amended or to continue a lapsed Contract. All Contracts with available options to renew must be amended referencing the original procurement and Contract doc ids, since all continuing contracts must be maintained in the same Contract file (even if the underlying appropriation changes each fiscal year.) *See Amendments, Suspensions, and Termination Policy.)

Enter Current Contract End Date: Enter the termination date of the Current Contract being amended, even if this date has already passed. (Note: Current Start Date is not requested since this date does not change and is already recorded in MMARS.)

Enter Amendment Amount: Enter the amount of the Amendment increase or decrease to a Maximum Obligation Contract. Enter "no change" for Rate Contracts or if no change.

AMENDMENT TYPE: Identify the type of Amendment being done. Documentation supporting the updates to performance and budget must be attached. **Amendment to Scope or Budget.** Check this option when renewing a Contract or executing any Amendment ("material change" in Contract terms) even if the Contract has lapsed. The parties may negotiate a change in any element of Contract performance or cost identified in the RFR or the Contractor's response which results in lower costs, or a more cost-effective or better value performance than was presented in the original selected response, provided the negotiation results in a better value within the scope of the RFR than what was proposed by the Contractor in the original selected response. Any "material" change in the Contract terms must be memorialized in a formal Amendment even if a corresponding MMARS transaction is not needed to support the change. Additional negotiated terms will take precedence over the relevant terms in the RFR and the Contractor's Response only if made using the process outlined in 801 CMR 21.07, incorporated herein, provided that any amended RFR or Response terms result in best value, lower costs, or a more cost effective Contract.

Interim Contracts. Check this option for an Interim Contract to prevent a lapse of Contract performance whenever an existing Contract is being re-procured but the new procurement has not been completed, to bridge the gap during implementation between an expiring and a new procurement, or to contract with an Interim Contractor when a current Contractor is unable to complete full performance under a Contract.

Contract Employee. Check this option when the Department requires a renewal or other amendment to the performance of a Contract Employee.

Legislative/Legal or Other. Check this option when legislation, an existing legal obligation, prohibition or other circumstance exempts or prohibits a Contract from being competitively procured, or identify any other procurement exception not already listed. Legislative "earmarks" exempt the Contract solely from procurement requirements, and all other Contract and state finance laws and policies apply. Attach supporting documentation to explain and justify the exemption and whether Contractor selection has been publicly

posted.

COMMONWEALTH TERMS AND CONDITIONS

Identify which Commonwealth Terms and Conditions the Contractor has executed and is incorporated by reference into this Contract. This Form is signed only once and recorded on the Vendor Customer File (VCUST). See Vendor File and W-9s Policy.

COMPENSATION

Identify if the Contract is a Rate Contract (with no stated Maximum Obligation) or a Maximum Obligation Contract (with a stated Maximum Obligation) and identify the Maximum Obligation. If the Contract is being amended, enter the new Maximum Obligation based upon the increase or decreasing Amendment. The Total Maximum Obligation must reflect the total funding for the dates of service under the contract, including the Amendment amount if the Contract is being amended. The Maximum Obligation must match the MMARS encumbrance. Funding and allotments must be verified as available and encumbered prior to incurring obligations. If a Contract includes both a Maximum Obligation component and Rate Contract component, check off both, specific Maximum Obligation amounts or amended amounts and Attachments must clearly outline the Contract breakdown to match the encumbrance.

PAYMENTS AND PROMPT PAY DISCOUNTS

Payments are processed within a 45 day payment cycle through EFT in accordance with the Commonwealth Bill Paying Policy for investment and cash flow purposes. Departments may NOT negotiate accelerated payments and Payees are NOT entitled to accelerated payments UNLESS a prompt payment discount (PPD) is provided to support the Commonwealth's loss of investment earnings for this earlier payment, or unless a payments is legally mandated to be made in less than 45 days (e.g., construction contracts, Ready Payments under G.L. c. 29, s. 23A). See Prompt Pay Discounts Policy. PPD are identified as a percentage discount which will be automatically deducted when an accelerated payment is made. Reduced contracts rates may not be negotiated to replace a PPD. If PPD fields are left blank please identify that the Contractor agrees to the standard 45 day cycle; a statutory/legal exemption such as Ready Payments (G.L. c. 29, § 23A); or only an initial accelerated payment for reimbursements or start up costs for a grant, with subsequent payments scheduled to support standard EFT 45 day payment cycle. Financial hardship is not a sufficient justification to accelerate cash flow for *all* payments under a Contract. Initial grant or contract payments may be accelerated for the *first* invoice or initial grant installment, but subsequent periodic installments or invoice payments should be scheduled to support the Payee cash flow needs and the standard 45 day EFT payment cycle in accordance with the Bill Paying Policy. Any accelerated payment that does not provide for a PPD must have a legal justification in Contract file for audit purposes explaining why accelerated payments were allowable without a PPD.

BRIEF DESCRIPTION OF CONTRACT PERFORMANCE

Enter a brief description of the Contract performance, project name and/or other identifying information for the Contract to specifically identify the Contract performance, match the Contract with attachments, determine the appropriate expenditure code (as listed in the Expenditure Classification Handbook) or to identify or clarify important information related to the Contract such as the Fiscal Year(s) of performance (ex. "FY2012" or "FY2012-14"). Identify settlements or other exceptions and attach more detailed justification and supporting documents. Enter "Multi-Department Use" if other Departments can access procurement. For Amendments, identify the purpose and what items are being amended. Merely stating "see attached" or referencing attachments without a narrative description of performance is insufficient.

ANTICIPATED START DATE

The Department and Contractor must certify WHEN obligations under this Contract/Amendment may be incurred. Option 1 is the default option when performance may begin as of the Effective Date (latest signature date and any required approvals). If the parties want a new Contract or renewal to begin as of the upcoming fiscal year then list the fiscal year(s) (ex. "FY2012" or "FY2012-14") in the Brief Description section. Performance starts and encumbrances reflect the default Effective Date (if no FY is listed) or the later FY start date (if a FY is listed). Use Option 2 only when the Contract will be signed well in advance of the start date and identify a specific future start date. Do not use Option 2 for a fiscal year start unless it is certain that the Contract will be signed prior to fiscal year. Option 3 is used in lieu of the Settlement and Release Form when the Contract/Amendment is signed late, and obligations have already been incurred by the Contractor prior to the Effective Date for which the Department has either requested, accepted or deemed legally eligible for reimbursement, and the Contract includes supporting documents justifying the performance or proof of eligibility, and approximate costs. Any obligations incurred outside the scope of the Effective Date under any Option listed, even if the Incorrect Option is selected, shall be automatically deemed a settlement included under the terms of the Contract and upon payment to the Contractor will release the Commonwealth from further obligations for the identified performance. All settlement payments require justification and must be under same encumbrance and object codes as the Contract payments. Performance dates are subject to G.L. c.4, § 9.

CONTRACT END DATE

The Department must enter the date that Contract performance will terminate. If the Contract is being amended and the Contract End Date is not changing, this date must be re-entered again here. A Contract must be signed for at least the initial duration but not longer than the period of procurement listed in the RFR, or other solicitation document (if applicable). No new performance is allowable beyond the end date without an amendment, but the Department may allow a Contractor to complete minimal close out performance obligations if substantial performance has been made prior to the termination date of the Contract and prior to the end of the fiscal year in which payments are appropriated, provided that any close out performance is subject to appropriation and funding limits under state finance law, and CTR may adjust encumbrances and payments in the state accounting system to enable final close out payments. Performance dates are subject to G.L. c.4, § 9.

CONTRACTOR CERTIFICATIONS AND LEGAL REFERENCES

Notwithstanding verbal or other representations by the parties, the "Effective Date" of this Contract or Amendment shall be the latest date that this Contract or Amendment has been executed by an authorized signatory of the Contractor, the Department, or a later Contract or Amendment Start Date specified, subject to any required approvals. The Contractor makes all certifications required under this Contract under the pains and penalties of perjury, and agrees to provide any required documentation upon request to support compliance, and agrees that all terms governing performance of this Contract and doing business in Massachusetts are attached or incorporated by reference herein:

Commonwealth and Contractor Ownership Rights. The Contractor certifies and agrees that the Commonwealth is entitled to ownership and possession of all "deliverables" purchased or developed with Contract funds. A Department may not relinquish Commonwealth rights to deliverables nor may Contractors sell products developed with Commonwealth resources without just compensation. The Contract should detail all Commonwealth deliverables and ownership rights and any Contractor proprietary rights.

Qualifications. The Contractor certifies it is qualified and shall at all times remain qualified to perform this Contract; that performance shall be timely and meet or exceed industry standards for the performance required, including obtaining requisite licenses, registrations, permits, resources for performance, and sufficient professional, liability; and other appropriate insurance to cover the performance. If the Contractor is a business, the Contractor certifies that it is listed under the Secretary of State's website as licensed to do business in Massachusetts, as required by law.

Business Ethics and Fraud, Waste and Abuse Prevention. The Contractor certifies that performance under this Contract, in addition to meeting the terms of the Contract, will be made using ethical business standards and good stewardship of taxpayer and other public funding and resources to prevent fraud, waste and abuse.

Collusion. The Contractor certifies that this Contract has been offered in good faith and without collusion, fraud or unfair trade practices with any other person, that any actions to avoid or frustrate fair and open competition are prohibited by law, and shall be grounds for rejection or disqualification of a Response or termination of this Contract.

Public Records and Access The Contractor shall provide full access to records related to performance and compliance to the Department and officials listed under Executive Order 195 and G.L. c. 11, s.12 seven (7) years beginning on the first day after the final payment

COMMONWEALTH OF MASSACHUSETTS ~ STANDARD CONTRACT FORM

under this Contract or such longer period necessary for the resolution of any litigation, claim, negotiation, audit or other inquiry involving this Contract. Access to view Contractor records related to any breach or allegation of fraud, waste and/or abuse may not be denied and Contractor can not claim confidentiality or trade secret protections solely for viewing but not retaining documents. Routine Contract performance compliance reports or documents related to any alleged breach or allegation of non-compliance, fraud, waste, abuse or collusion may be provided electronically and shall be provided at Contractor's own expense. Reasonable costs for copies of non-routine Contract related records shall not exceed the rates for public records under 950 C.M.R. 32.00.

Debarment. The Contractor certifies that neither it nor any of its subcontractors are currently debarred or suspended by the federal or state government under any law or regulation including, Executive Order 147; G.L. c. 29, s. 29F; G.L. c. 30, § 39R, G.L. c. 149, § 27C, G.L. c. 149, § 44C, G.L. c. 149, § 148B and G.L. c. 152, s. 25C.

Applicable Laws. The Contractor shall comply with all applicable state laws and regulations including but not limited to the applicable Massachusetts General Laws; the Official Code of Massachusetts Regulations; Code of Massachusetts Regulations (unofficial); 801 CMR 21.00 (Procurement of Commodity and Service Procurements, Including Human and Social Services); 815 CMR 2.00 (Grants and Subsidies); 808 CMR 1.00 (Compliance, Reporting and Auditing for Human And Social Services); AICPA Standards; confidentiality of Department records under G.L. c. 66A; and the Massachusetts Constitution Article XVII if applicable.

Invoices. The Contractor must submit invoices in accordance with the terms of the Contract and the Commonwealth Bill Paying Policy. Contractors must be able to reconcile and properly attribute concurrent payments from multiple Departments. Final invoices in any fiscal year must be submitted no later than August 15th for performance made and received (goods delivered, services completed) prior to June 30th, in order to make payment for that performance prior to the close of the fiscal year to prevent reversion of appropriated funds. Failure to submit timely invoices by August 15th or other date listed in the Contract shall authorize the Department to issue an estimated payment based upon the Department's determination of performance delivered and accepted. The Contractor's acceptance of this estimated payment releases the Commonwealth from further claims for these invoices. If budgetary funds revert due to the Contractor's failure to submit timely final invoices, or for disputing an estimated payment, the Department may deduct a penalty up to 10% from any final payment in the next fiscal year for failure to submit timely invoices.

Payments Subject to Appropriation. Pursuant to G.L. c. 29 § 26, § 27 and § 29, Departments are required to expend funds only for the purposes set forth by the Legislature and within the funding limits established through appropriation, allotment and subsidiary, including mandated allotment reductions triggered by G.L. c. 29, § 9C. A Department cannot authorize or accept performance in excess of an existing appropriation and allotment, or sufficient non-appropriated available funds. Any oral or written representations, commitments, or assurances made by the Department or any other Commonwealth representative are not binding. The Commonwealth has no legal obligation to compensate a Contractor for performance that is not requested and is intentionally delivered by a Contractor outside the scope of a Contract. Contractors should verify funding prior to beginning performance.

Intercept. Contractors may be registered as Customers in the Vendor file if the Contractor owes a Commonwealth debt. Unresolved and undisputed debts, and overpayments of Contract payments that are not reimbursed timely shall be subject to intercept pursuant to G.L. c. 7A, s. 3 and 815 CMR 9.00. Contract overpayments will be subject to immediate intercept or payment offset. The Contractor may not penalize any state Department or assess late fees, cancel a Contract or other services if amounts are intercepted or offset due to recoupment of an overpayment, outstanding taxes, child support, other overdue debts or Contract overpayments.

Tax Law Compliance. The Contractor certifies under the pains and penalties of perjury tax compliance with Federal tax laws; state tax laws including but not limited to G.L. c. 62C, G.L. c. 62C, s. 49A; compliance with all state tax laws, reporting of employees and contractors, withholding and remitting of tax withholdings and child support and is in good standing with respect to all state taxes and returns due; reporting of employees and contractors under G.L. c. 62E, withholding and remitting child support including G.L. c. 119A, s. 12; TIR 05-11; New Independent Contractor Provisions and applicable TIRs.

Bankruptcy, Judgments, Potential Structural Changes, Pending Legal Matters and Conflicts. The Contractor certifies it has not been in bankruptcy and/or receivership within the last three calendar years, and the Contractor certifies that it will immediately notify the Department in writing at least 45 days prior to filing for bankruptcy and/or receivership, any potential structural change in its organization, or if there is any risk to the solvency of the Contractor that may impact the Contractor's ability to timely fulfill the terms of this Contract or Amendment. The Contractor certifies that at any time during the period of the Contract the Contractor is required to affirmatively disclose in writing to the Department Contract Manager the details of any judgment, criminal conviction, investigation or litigation pending against the Contractor or any of its officers, directors, employees, agents, or subcontractors, including any potential conflicts of interest of which the Contractor has knowledge, or learns of during the Contract term. Law firms or Attorneys providing legal

services are required to identify any potential conflict with representation of any Department client in accordance with Massachusetts Board of Bar Overseers (BBO) rules.

Federal Anti-Lobbying and Other Federal Requirements. If receiving federal funds, the Contractor certifies compliance with federal anti-lobbying requirements including 31 USC 1352; other federal requirements; Executive Order 11246; Air Pollution Act; Federal Water Pollution Control Act and Federal Employment Laws.

Protection of Personal Data and Information. The Contractor certifies that all steps will be taken to ensure the security and confidentiality of all Commonwealth data for which the Contractor becomes a holder, either as part of performance or inadvertently during performance, with special attention to restricting access, use and disbursement of personal data and information under G.L. c. 93H and c. 66A and Executive Order 504. The Contractor is required to comply with G.L. c. 93I for the proper disposal of all paper and electronic media, backups or systems containing personal data and information, provided further that the Contractor is required to ensure that any personal data or information transmitted electronically or through a portable device be properly encrypted using (at a minimum) Information Technology Division (ITD) Protection of Sensitive Information, provided further that any Contractor having access to credit card or banking information of Commonwealth customers certifies that the Contractor is PCI compliant in accordance with the Payment Card Industry Council Standards and shall provide confirmation compliance during the Contract, provide further that the Contractor shall immediately notify the Department in the event of any security breach including the unauthorized access, disbursement, use or disposal of personal data or information, and in the event of a security breach, the Contractor shall cooperate fully with the Commonwealth and provide access to any information necessary for the Commonwealth to respond to the security breach and shall be fully responsible for any damages associated with the Contractor's breach including but not limited to G.L. c. 214, s. 3B.

STATEMENT OF WORK

This statement of work signed by **Essex County Sheriff Department (“ECSD”)** and **Securus Technologies, Inc. (“Securus”)** is part of the contract agreement entered by both parties on _____, 20____ (the “Essex Contract”). This Statement of Work may be extended or modified by adding overruling amendments to it, provided these are presented in written form, agreed upon and signed by both parties.

1. BACKGROUND

Essex County Sheriff Department proposes to extend the contract referencing MA DOC RFR, FOR A SECURE INMATE CALLING SYSTEM AND RELATED SERVICES, COMMBUYS Bid Number: RFR-BD-18-1044-EPS17-EPS1-19423 contract through 03-02-2028 (“MA DOC Contract”). All Securus responses to this solicitation are incorporated by reference including, but not limited to, the Technical and Cost Proposals. In the event of a conflict between the Essex Contract and the MA DOC Contract, the terms of the Essex Contract will take precedence.

Following is a summary of the proposed renewal option:

- Pay commissions on all call types
- Video Visitation – 20% commission commencing upon go-live
- SecureView Tablet Program – No cost to ECSD
- Video Relay Service application on one terminal per housing unit
- Securus eMessaging – 20% commission commencing upon go-live
- Automated Information Services
- THREADS
- IPro
- Guarded Exchange Monitoring

For all commissionable products, applicable taxes, fees, and surcharges are excluded from the calculation of commissions.

2. OBJECTIVE AND INCLUDED PRODUCTS

The services listed in this Section 2 will be added as part of the Essex Contract. The agreed options for the inclusion of additional technologies are stated in the table below. Securus will pay a base commission on all call types, but will reduce the base commission as reflected in the table in exchange for the provision of the additional technologies stated therein:

- **Call Rates and Product Pricing**

Rates ¹	Inmate Calls Base Commission (All Call Types) Without Product Deductions	Minimum Annual Guarantee ²	AIS	Ipro	Threads	GEX	Second Systems Admin
Current rates	65%	\$1,000,000	2.0%	3.0%	1.0%	3.5%	4.0%
\$0.21/min	55%	\$700,000	3.0%	3.0%	1.5%	5.0%	5.0%
\$0.18/min	50%	\$575,000	3.0%	4.0%	2.0%	5.5%	5.5%
\$0.14/min	40%	\$400,000	3.5%	4.5%	2.5%	7.0%	6.0%
\$0.10/min	23%	\$200,000	4%	9.0%	3.0%	10.0%	7.0%

The ECSD chooses to use the \$0.18 per minute call rate option, but may amend to one of the other pricing options specified in the above chart upon 30 days' notice to Securus.

It is the intention of the ECSD to phase in all listed services and may add a second systems administrator FTE in exchange for the commission reduction noted above.

Changes to the currently-deployed products' commission and rate structure provided by the Essex Contract will be effective as of the date last signed by either party.

- **Video Visitation**

The ECSD chooses to use the \$5.00 rate for a twenty-minute video visit but may amend at any time, provided Securus agrees to the change. For video visitation, Securus will pay 20% commission commencing on deployment.

Securus Video Visitation allows family and friends to remotely visit with inmates using a computer with webcam and internet access or an Android or iOS (iPhone) mobile device while decreasing staff involvement facilitating visitation. SVV improves safety and security of the facility while providing additional option for Friends and Family members to visit their loved one.

¹ Plus applicable taxes and governmental fees; international rates, if applicable, will vary by Country.

² In the event earned commissions for all products are less than the MAG as a result of the commission reductions associated with AIS, IPro, THREADS, GEX, and the Second Systems Admin, the MAG will be reduced to reflect those reductions. In the event the commission reductions result in a net commission percentage that is 0% or less when considering commissions owed in connection with all products, no commission will be paid and no MAG will be applicable.

Securus will deploy a total of 36 video visitation terminals.

Two terminals will be set up in each housing unit for the purpose of video visitation. The location of the terminals will be at the discretion of the ECSD. Securus will provide one workstation at each Office of Community Correction Center (a total of 3 workstations). There would be no charge for anyone utilizing onsite video visitation. Securus will install necessary cabling and equipment.

Securus agrees to store five (5) years of video to be available, if needed, for legal or investigative purposes.

- **Video Relay Service**

Securus' Video Relay Service application ("VRS") provides a fully integrated video relay service offering into the Secure Call Platform (SCP) allowing critical call controls to be maintained. This service allows deaf and hard-of-hearing inmates the ability to communicate with friends and family via a videoconferencing service.

ECSD understands and agrees that it is solely responsible for the following:

- a. Determining which inmates are eligible to use VRS.
- b. Providing inmates access to the VRS application.
- c. Configuring SCP to allow eligible inmates access to the VRS application on ConnectUs-enabled terminals.
- d. Designating which VRS numbers for which calls are not to be recorded, by marking those numbers as "private" within SCP.

ECSD understands and acknowledges that Securus' third-party vendors shall have the right, in their sole discretion, to terminate VRS application sessions for policy violations or disruptive behavior, including, without limitation, verbal or other abuse of the VRS interpreter. ECSD further agrees to work in good faith with Securus and/or its third-party vendors to address and resolve reports of inmate misbehavior related to the VRS application.

- **eMessaging**

The ECSD chooses to use the \$0.50 message rate but may amend at any time, provided Securus agrees to the change. For eMessaging, Securus will pay 20% commission commencing on deployment.

Securus' eMessaging Application ("eMessaging") allows for two-way electronic communication between friends and family and an inmate. Users purchase eMessaging "stamps," which are used to fund the transmission of an electronic message according to the following chart:

<u>Type of Message (When Available)</u>	<u>Number of Stamps</u>	<u>Notes</u>
Text Message	1 stamp per message	
Photo	1 stamp per photo	Limit of 5 photos per eMessage; 3 MB / photo limit
eCard	1 stamp per eCard	Limit of 5 eCards per eMessage
VideoGram	3 stamps per VideoGram	

Different types of attachments can also be combined in a single transmission.

The facility can access a web-based portal that enables message review, and can approve and reject a message or attachment based on the facility's policies and criteria. Friends and family must send and receive messages using either the Securus mobile app or their inbox at www.securustech.net and must have a free Securus Online account to access. Approved messages and attachments are accessible by inmates through certain of Securus' technologies as agreed by ECSD and Securus.

With ECSD's agreement, Securus may (a) issue future releases of eMessaging which contain additional features and functionalities; or (b) modify the pricing contained herein.

COMPENSATION: Securus will provide eMessaging at no cost to ECSD. Friends and family members can purchase a book of stamps in the following quantities:

<u>Number of Stamps in Book</u>	<u>Stamp Book Price (Plus \$3.00 transaction fee and all applicable taxes)</u>
5	\$2.50
10	\$5.00
20	\$10.00
50	\$25.00

Where available, using funds in an Inmate Debit account, inmates can purchase a book of stamps in the following quantities:

<u>Number of Stamps in Book</u>	<u>Stamp Book Price (Plus applicable taxes)</u>
---------------------------------	---

1	\$0.50
2	\$1.00
5	\$2.50
10	\$5.00

E-MESSAGING TERMS OF USE – ECSD’s use of eMessaging is governed by the terms and conditions at <https://www.securustechnologies.com/emessaging-terms-and-conditions>, which are incorporated herein by reference.

- **Tablets**

The SecureView Tablet is a secure, corrections-grade multi-purpose communications device specifically designed for incarcerated individuals within a jail or prison. The SecureView Tablet focuses on proactive and constructive ways to prepare incarcerated individuals for re-entry into society. It hosts a variety of applications for inmate education, entertainment, communication and job placement.

The tablets will be phased in by housing units based on discussions with Securus and ECSD staff and ECSD policy. Securus will establish wireless hotspots to be utilized by the tablets. There will be free community tablets at a 1:4 ratio. Inmates may lease their own tablets for a cost of \$5 for the first day and at no charge for the remaining days in the month. Additionally, Securus will provide ten (10) tablets that can be used in Programs offered by ECSD to inmates. Securus will provide one administrative tablet per housing unit. Broken tablets and additional accessories will be replaced by Securus with no additional cost.

Securus will provide 9,000 headsets for distribution to the inmates at no cost to ECSD. Additional headsets are available from Securus for \$5.66 per set, which may be purchased by ECSD, or, Securus will work with ECSD’s commissary provided to sell headsets via the commissary.

Securus will provide charging stations for each housing unit.

Any other purchases such as music or movies will be purchased by inmates directly from Securus or their subcontract provider.

Securus will make available free education and programming including, but not limited to:

- KA lite
- Educational podcast
- Podcast Library

- Legal and Religious
- Additionally, as technically practicable, ECSD will be able to post educational, religious, or programming material to the tablets.

- **THREADS**

The THREADS™ application allows authorized law enforcement users to analyze corrections and communications data from multiple sources to generate targeted investigative leads. THREADS™ has three main components: data analysis, data review, and data import. In addition, THREADS™ offers an optional “community” feature, which allows member correctional facilities to access and analyze corrections communications data from other correctional facilities within the community and data imported by other community members. ECSD’s use of THREADS™ is governed by and conditioned upon the terms set forth herein.

ECSD has elected to opt in to the community feature. The community feature allows authorized users access to analyze communications data generated from other corrections facilities within the community, as well as any data imported or added by other authorized community members. ECSD acknowledges and understands that data from its facility or facilities will be made available to the community for analysis and review.

- **Investigator Pro (IPRO)**

Securus will continue to provide Investigator Pro™, which is a telephone safety, security, and investigative feature of SCP. Investigator Pro™ uses continuous voice identification technology to determine what inmate(s) are speaking on the call, detect certain three-way call violations, and help investigators find correlations between calls that might otherwise go undetected.

- **Automated Information Services**

Securus will continue to provide Automated Information Services. Once facility staff has uploaded all required information, the system is customizable and able to automate information such as Commissary Balances (pending MIS system data flow); Charge Information; Court Appearance Dates, Times, Locations; Bond Amounts, Types; Projected Release Dates; and Visitation Eligibility, Times. The application is accessed through a telephone IVR system and provides all information automatically without staff intervention 24/7.

- **Guarded Exchange (GEX)**

Securus, through its subsidiary Guarded Exchange™, will provide an Offender Call Monitoring System (“GEX System”) which includes call monitoring services of inmate calls originating from the Facility(s) that is designed to identify:

- Suspicious or suggestive key words or phrases;

- Phrases that suggest threats to security of the Facility(s) and Facility personnel; and
- Criminal activity in and outside of the Facility(s);

The pricing herein includes monitoring of up to 5% of inmate calls, including specific calls that match criteria provided by ECSD (Targeted Requests). Guarded Exchange will provide monthly reports to ECSD that detail the number of calls monitored and a breakdown of threat levels identified by Guarded Exchange™.
