DESCRIPTION:

Secure Call Platform: Secure Call Platform ("SCP") provides through its centralized system automatic placement of calls by inmates without the need for conventional live operator services. In addition, SCP has the ability to (a) monitor and record inmate calls, (b) automatically limit the duration of each call to a certain period designated by us, (c) maintain call detail records in accordance with our standard practices, (d) automatically shut the System on or off, and (e) allow free calls to the extent required by applicable law. We will be responsible for all billing and collections of inmate calling charges but may contract with third parties to perform such functions. SCP will be provided at the Facilities specified in the chart below.

Collect Calls. We will pay you commission (the "Commission") based on Gross Revenues we earn through the completion of collect calls placed from the Facilities as specified in the chart below. Gross Revenues shall mean all gross billed revenues relating to completed collect calls generated by and through the Inmate Telecommunications System. Regulatory required and other items such as federal, state and local charges, taxes and fees, including transaction funding fees, transaction fees, credits, billing recovery fees, charges billed by non-LEC third parties, and promotional programs are excluded from revenue to the Provider. We shall remit the Commission for a calendar month to you on or before the 30th day after the end of the calendar month in which the calls were made (the "Payment Date"). All Commission payments shall be final and binding upon you unless we receive written objection within sixty (60) days after the Payment Date. Your payment address is as set forth in the chart below. All such maintenance shall be conducted in accordance with the service levels in Items 1 through 10 below. All such maintenance shall be provided at our sole cost and expense unless necessitated by any misuse of, or destruction, damage, or vandalism to any premises equipment by you (not

inmates at the Facilities), in which case, we may recoup the cost of such repair and maintenance through either a Commission deduction or direct invoicing, at our option. You agree to promptly notify us in writing after discovering any misuse of, or destruction, damage, or vandalism to, the said equipment. If any portion of the System is interfaced with other devices or software owned or used by you or a third party, then we shall have no obligation to repair or maintain such other devices or software. For the services contemplated hereunder, we may provide, based upon the facilities requirements, two types of workstations (personal computer/desktop/laptop/terminal): The "Openworkstation" is an open non-secured workstation which permits administrative user rights for facility personnel and allows the facilities an ability to add additional third-party software. We have no obligation to provide any technical and field support services for an Openworkstation. CUSTOMER IS SOLELY RESPONSIBLE FOR THE MAINTENANCE OF ANY OPENWORKSTATION(S)."

1. Outage Report, Technical Support. 2. Priority Classifications. Upon receipt of your report of a System Event, Technical Support will classify the System Event as one of the following three priority levels:

"Priority 1"	30% or more of the functionality of the System is adversely affected by the System Event.
"Priority 2"	5% - 29% of the functionality of the System is adversely affected by the System Event.
"Priority 3"	5% or less of the functionality of the System is adversely affected by the System Event. Single and multiple phones related issues.

3. Response Times. After receipt notice of the System Event, we will respond to the System Event within the following time periods:

Priority 1	2 hours
Priority 2	24 hours
Priority 3	72 hours

4. Response Process. In the event of a System Event, where the equipment is located on Customer premises, Technical Support will either initiate remote diagnosis and correction of the System Event or dispatch a field technician to the Facility (in which case the applicable regional dispatcher will contact you with the technician's estimated time of arrival), as necessary. In the event of a System Event occurs in the centralized SCP system, technical support will initiate remote diagnosis and correction of the System Event.

5. Performance of Service. All of our repair and maintenance of the System will be done in a good and workmanlike manner at no cost to you except as may be otherwise set forth in the Agreement. Any requested modification or upgrade to the System that is agreed upon by you and us may be subject to a charge as set forth in the Agreement and will be implemented within the time period agreed by the parties.

6. Escalation Contacts. Your account will be monitored by the applicable Territory Manager and Regional Service Manager. In addition, you may use the following escalation list if our response time exceeds 36 hours: first to the Technical Support Manager or Regional Service Manager, as applicable, then to the Director of Field Services, then to the Executive Director, Service.

9. Required IGR. You are responsible for providing a dedicated isolated grounded receptacle ("IGR") for use in connection with the primary System. Upon request we will provide you with the specifications for the IGR. If you are unable to or do not provide the IGR, then we will provide the IGR on a time and materials basis at the installer's then-current billing rates, provided that we are not responsible for any delay caused by your failure to provide the IGR.
